BUDOKAN

Terasaki Budokan celebrated its official opening in Little Tokyo on March 12, 2022. About a 1,000 people, including Jerry West and local community leaders, came to show their support for the first gymnasium and recreation center in the heart of Little Tokyo. The Budokan will be a gathering place for future Yonsei and Gosei generations: basketball, volleyball, martial arts, and other cultural and sporting events. The Nanka Ehime Kenjinkai donated a plaque "in memory of our Nancy Kikuchi" for the Friends and Fans Wall at the Terasaki Budokan. As you know, Nancy worked tirelessly for various organizations in Little Tokyo. Attached are a few photos from the Terasaki Budokan grand opening event and including another memorial plaque and mural that was re-dedicated in honor of Nancy Kikuchi on the mural wall at the corner of 1st Street and Central Ave in Little Tokyo.
